MINUTES
SPECIAL MEETING STORM WATER PLAN
May 30, 2018**

President Kim Carpenter opened the meeting with council members Marilyn Cohee and Teresa Sutherlin, Ron Hatley, Clerk Treasurer Michelle Cash, MVH Superintendent Brian Mullen, Utility Attorney Ethan Myers.

Roger Azar, Engineer with Deckard Engineering and Karen Arnold, GIS Specialist presented to the Council and Town Residents the issues that are causing some of the flooding from surface water. There are several options the council can look at after the surveying crew comes in and does an assessment of where the town stands now. Mr. Azar asked the public to review the maps he had on hand, encouraged the residents to fill out a questionnaire of problem areas. Once the work is completed with the assessment Mr. Azar and his staff will be coming back to the council and present some options for repair.

Motion to adjourn was made by Mrs. Cohee and seconded by Mrs. Sutherlin. Motion Approved (4-0).
